

HEALTHCARE FACILITIES: Hospitals, Hospice, Nursing Facilities, Mental (Psychiatric) Hospitals & Units

1. WHEN will my facility be counted?

2. HOW will my facility be counted?

Residency Criteria:

- People in general or Veterans Affairs hospitals (except psychiatric units) on Census Day, including newborn babies still in the hospital on Census Day are **counted at the residence where they live (or will live) and sleep most of the time.**
- People in mental (psychiatric) hospitals and psychiatric units in other hospitals (where the primary function is for long-term nonacute care) are **counted at the hospital or healthcare facility.**
- People in assisted living facilities where care is provided for individuals who need help with the activities of daily living but do not need the skilled medical care that is provided in a nursing home are **counted at the residence where they live and sleep most of the time.**
- People in nursing facilities/skilled-nursing facilities (which provide long-term nonacute care) on Census Day are **counted at the facility.** Staff members are **counted where they live and sleep most of the time.**
- People staying at in-patient hospice facilities on Census Day are **counted at the residence where they live and sleep most of the time.**
- If patients or staff members do not have a usual home elsewhere, they are **counted at the hospital or healthcare facility.**
